26 gauge standard thickness on all colors

◆ Available in 24 gauge

MaxSeam™ Panel

The MaxSeam™ panel that utilizes a clip system to attach to a solid substrate, creating a clean look and reducing the opportunity for leakage. This standing seam panel has an extra tall rib height of 1 3/4" that creates a high-end appearance.

MaxLoc™ Panel

The MaxLoc™ has a 1" rib height and attaches through a concealed fastener leg, reducing opportunity for leakage and providing a clean look. Because it doesn't require a separate clip, it's very economical and installs quickly.
